Subject: 2010 COMMAND PROPERTY INSPECTION REPORT

State Administrative Manual (SAM) Section 8652 requires Departments to conduct a physical count of all state owned property and reconcile the count with accounting records at least once every three years. Departmental records indicate the last command inventory by the Merced Area was conducted in May 2009. In order to provide independent verification and reasonable assurance to the Office of the Commissioner that California Highway Patrol inventory records are complete and accurate, your command was selected for a property inspection.

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on March 22-23, 2010. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 657 items (a). The statistically-valid sample at a 95 percent confidence level  $\pm$  5 percent error rate provided a total stratified sample size of 58 items when rounded up to the next whole number (d).

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 54 of the 59 items were located. Three items were transferred out of the Area and one item could not be located during the inspection. The Area provided the PI a copy of the most recently submitted quarterly reconciliation memorandum dated January 4, 2010. The memorandum indicated that the Area had been unable to locate four items during a previous annual inventory, one of which was to be inspected during this property inspection. Furthermore, three of the 54 items inspected require a correction be made to the property record. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, all 81 items inspected reconciled. However, two of the items require corrections to the property record. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by July 8, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

## Memorandum

Date: January 4, 2010

To: Central Division

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**  
Merced Area

File No.: 460.10533.15690

Subject: RECONCILIATION OF MISSING TELECOMMUNICATIONS EQUIPMENT -  
FOURTH QUARTER 2009

Merced Area has completed its quarterly reconciliation of missing telecommunications equipment, as directed by Assistant Commissioner, Field, for the fourth quarter of 2009. Asset numbers R36527, R38183, R53494 and R71334 listed on the printout have not been located. Merced Area will continue to search for these missing items and provide quarterly updates to Central Division. Telecommunications Section will be notified if any missing items are located.

In the 2005 Annual Physical Inventory, Asset Number R56544 was removed from service and replaced with updated technology. The equipment was returned to Telecommunications Section and has been transferred to the Department of General Services. Asset Number R59515 was parted out by Telecommunications Section and replaced by Asset Number R60212 (refer to attached 2005 Annual Physical Inventory).

Please contact Officer Luis Lara at (209)356-2956 with any questions.

M. CHATY, Lieutenant  
Acting Commander
